

# Use your % from tax to inspire good deeds in Slovakia

## #accacelife Civil Association

Perceiving the needs around us and being aware of our responsibility towards the society where we operate has become an inseparable part of our daily corporate activities. We do believe that involvement in local communities and creating a positive impact on people and organisations operating in the local communities is just as important as the service we provide.

Under the auspices of #accacelife we helped in several areas last year:

**ecologic and environmental** projects “neBUĎ príZEMný” (Don’t BE EARTHbound), “Hor sa do lesa” (Let’s go to the Woods)

**educating** and motivating secondary-school students – young businessmen – by means of practical professional workshops and webinars

regular material and personal assistance to **people in need**

**pro-bono workshops** and online consultancy for the staff of non-profit organisations

Accace in Slovakia also contributes to charity projects arranged by its employees by the % from profit. Join us and use your 2 % or 1 % from the company tax to help the #accacelife association and inspire good deeds in Slovakia.

All your financial donations will be directly and fully used for the support of specific projects in the area of ecology, education, help for people in need and building a better and more educated society.

Your % from tax for #accacelife = more inspiration for good deeds in Slovakia

### Why did we establish #accacelife?

“As a company we achieved the size, when the profit is no longer our main objective and when we should start to gradually pay something back to the society where we operate. I don’t want to imply that the profit is not important, but just as we should be able to share it with colleagues, we should also use it to support public interest projects around us. I do believe that just our civil association #accacelife will help to implement such projects as much as practicable.” **Peter Pašek**, founder of #accacelife and the Partner of Accace.
